

The COURAGE Program provides resources to advance the careers of 20 early career investigators (post-docs or early faculty) working in obesity, nutrition, or diabetes. This 3+ year program is open to individuals who identify as being from one or more of the following racial/ethnic groups: Blacks or African Americans, Hispanics or Latinos, American Indians or Alaska Natives, Native Hawaiians or other Pacific Islanders.

Requirements

- A Curriculum Vitae
- Application package (5 pages max):
 - Personal statement to describe career goals, research experience, areas of interest, and interest in the program
 - Description of current research project and 5-year academic goals
 - Identification of areas of concentration to achieve those goals (e.g., skill-building, knowledge acquisition, personal development)
- 2 letters of recommendation:
 - Primary mentor
 - Department chair or division chief which verifies current position protects at least 50% of their time for research

The program will include pilot funding, professional development, mentoring, study design, & leadership opportunities

Deadline: March 1st, 2022
